R.A.P. PHILOSOPHY

Educating O.V.I. - D.U.I.

offenders is the primary focus of a comprehensive Driver Intervention Program. It is not merely a series of lectures, activities, and movies, but rather a significant time of reflection and evaluations of one's actions and life situation. Our philosophy is a basic one – centered in principals of sound education, dispensing relevant information and keeping current with the trends in effective O.V.I. - D.U.I. programming. The core of R.A.P.'s success is our belief in and focus upon client responsibility and their ability to change.
